

SHOR BLEACH

Chlorinated Cleaner

→ DESCRIPTION

A liquid chlorinated bleach with added detergents for enhanced cleaning.

→ BENEFITS

- Combines chlorine stable detergents and 4.0% chlorine for effective cleaning, bleaching and sanitising
- Excellent one step cleaner sanitiser
- Extremely versatile - can be used in laundries, kitchens, bathrooms and toilet areas

→ APPLICATION

Shor Bleach is suitable for use in laundries, kitchens, bathrooms and toilets.

→ DIRECTIONS FOR USE

Please note that chlorine content naturally degrades over time. For critical applications, we recommend testing the chlorine concentration at the time of use/point of use.

GENERAL CLEANING:

Use at dilutions from 1:80 (12mL/L) depending on level of soiling. Add Shor Bleach, then top up with cold water.

LAUNDRY:

As a laundry bleach add up to 20mL/5L of water in the wash.

Dilute with water before adding to the wash.

Do not use on wool, silk, nylon or orlon.

BATHROOMS & TOILETS:

Shor Bleach may be used neat to clean toilet bowls and stained grouting. Flush toilet first to remove any acidic toilet cleaner residues. Squirt into bowl or along grouting and allow to run down. Then flush toilet or rinse tiles with water.

Store in a cool area and rotate stocks to use oldest material first.

Do not mix with any acidic substances.

→ TECHNICAL INFO

Fragrance	Colour	Form	pH Level
Chlorine odour	Pale Yellow	Liquid	13.0

Incompatible surfaces

Compatible with most surfaces at in-use concentration. Prolonged exposure of metal surfaces to Shor Bleach will result in minor surface corrosion.
